Introduction Elements of Data Science and Artificial Intelligence

Prof. Dr. Jens Dittrich bigdata.uni-saarland.de

Why is this lecture&program named "Data Science and Artificial Intelligence"?*

*or: how to explain your parents, friends, etc. what you are studying at SIC

advice: only use non-ambigous terms in communication

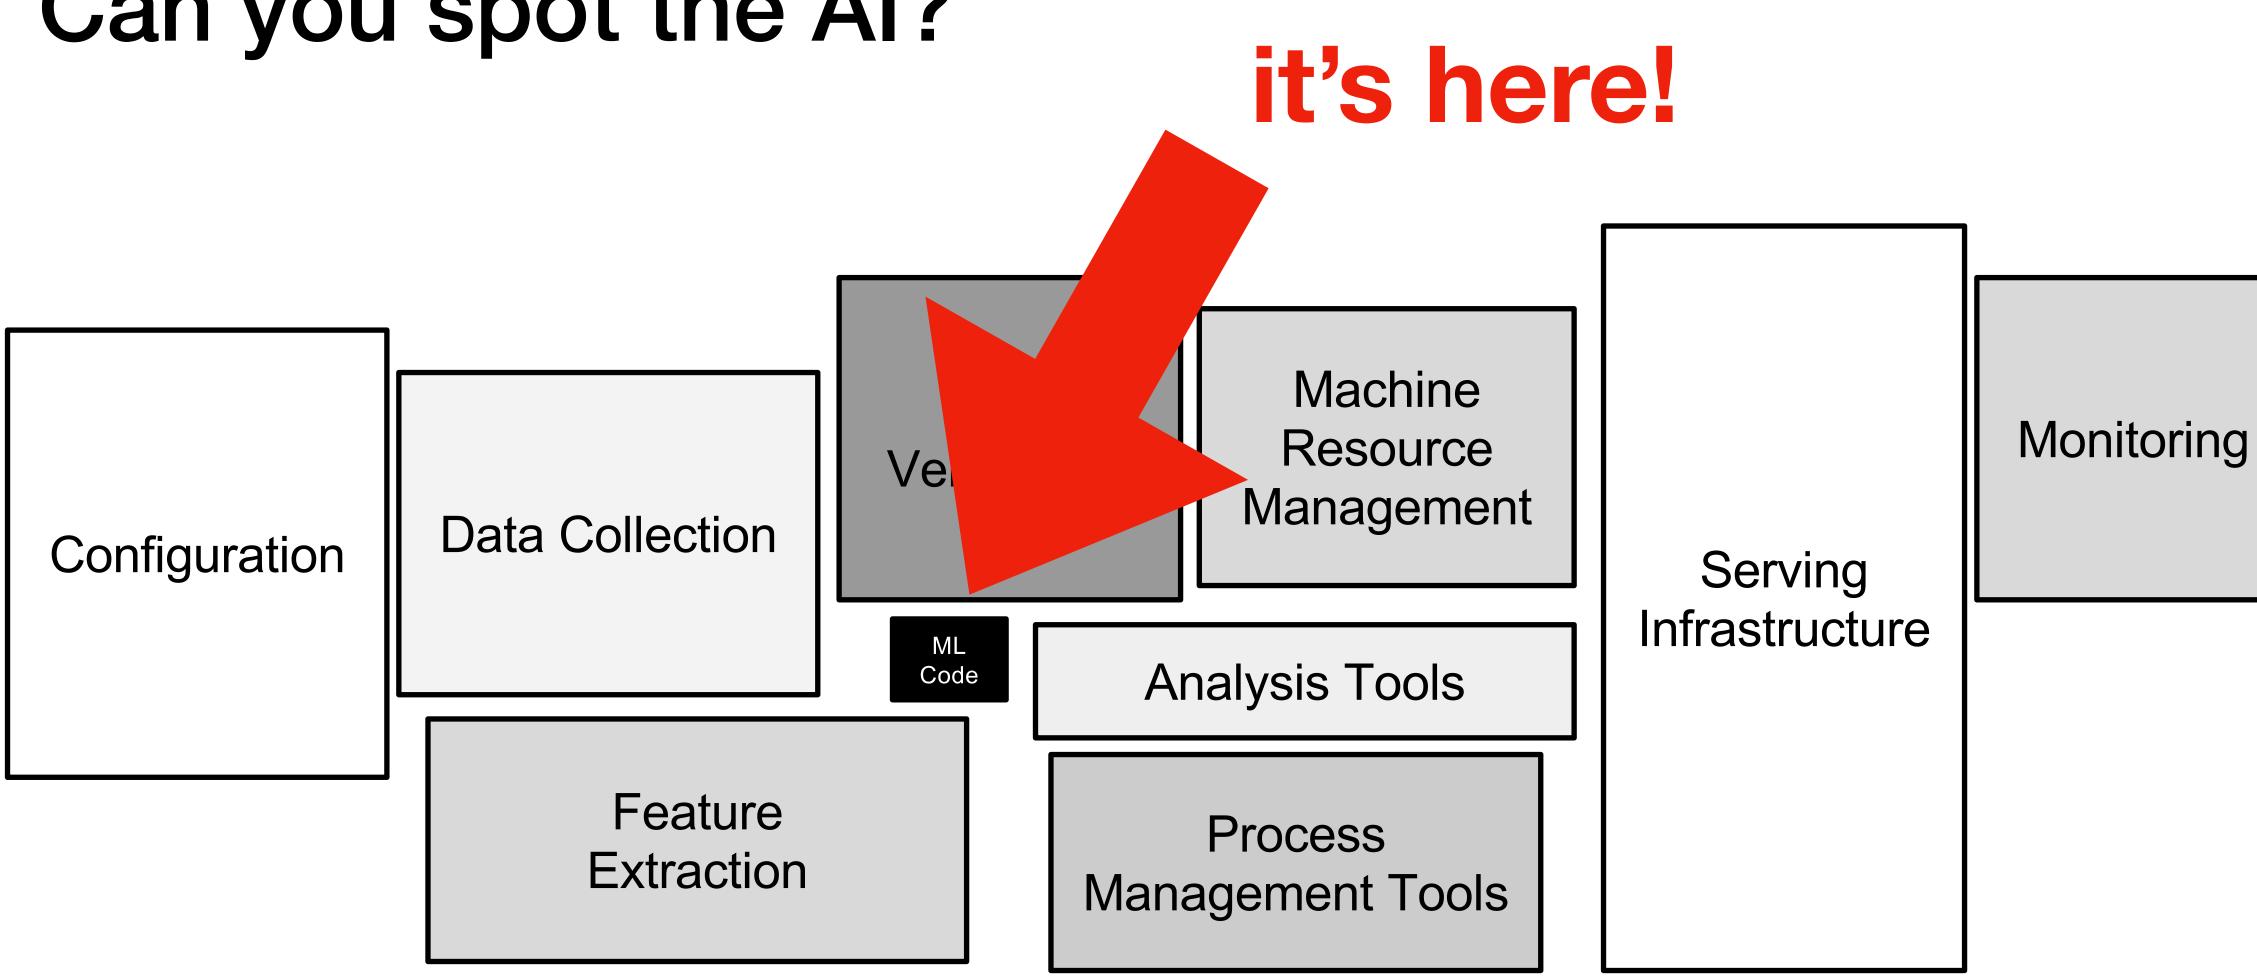

Buzzwords as a Rorschach test

Can you spot the AI?

[Sculley et al. Hidden Technical Debt in Machine Learning Systems, NIPS 2015, Figure 1]

OK, if buzzwords do not help, what is DSAI about?

Solution: Define DSAI by typical in that space.

Applications and/or methods

DSAI Applications:

Text description This bird is red and brown in color, with a stubby beak

The bird is short and stubby with yellow on its body

A bird with a medium orange bill white body gray wings and webbed feet

256x256 **StackGAN**

This small black bird has a short, slightly curved bill and long legs

A small bird with varying shades of brown with white under the eyes

A small yellow bird with a black crown and a short black pointed beak

This small bird has a white breast, light grey head, and black wings and tail
